

Mapa frenológico destinado a auxiliar o profissional homeopata a localizar as diferentes áreas do cérebro de pacientes humanos, que são citadas nas Matérias Médicas.

(quando encontrar em cabeça, em qualquer medicamento, que um sintoma se encontra no “organ of...” procure neste mapa que a região é esta).

Algumas citações bibliográficas:

- **[a1 - Cinnabaris - General head] - A kind of a sore pain began at about 9 A. M. in the crown of the head, and extended as far front as the organ of Veneration (at times there is a slight sensation of throbbing); it is very sensitive to touch, he cannot even touch the hair without causing a sore pain; this pain continued all day (seventh day), [a11].**
- **[a1 - Allium cepa - Head] - Headache in the region of the organ of "concentration, "[_a3].**
